

Background for the CDM Bazaar

The CDM Bazaar was discussed at the 21st meeting for the Executive Board, as part of the CDM Management Plan, it was decided to;

“Make publicly available relevant information, submitted to it for this purpose, on proposed CDM project activities in need of funding and on investors seeking opportunities, in order to assist in arranging funding of CDM project activities, as necessary”

Part of the Nairobi Framework

Launched in September 2007

Objectives of the CDM Bazaar

- Facilitate the creation of an efficient and transparent global CDM market
- Reduce transaction costs in the CDM project cycle
- Cost – Free virtual platform for actors in the carbon market
- It is not possible to trade CER's

www.unfccc.int

How does it work?

- The CDM Bazaar is a global ‘virtual information exchange’. It is open to anyone and free of cost.
- Market players can register and upload profiles, projects and announcements for other stakeholders to view.

CDM Bazaar – a market of opportunities

The screenshot displays the CDM Bazaar website interface. At the top, there are logos for UNFCCC and UNEP RISO CENTRE. The navigation bar includes links for Home, My Account, About CDM Bazaar, How to use the Bazaar, Contact, Legal, and Glossary. The main content area is titled 'Company Profile' for 'CarbonRedux, llc'. It includes a brief description: 'A aggregator, management consulting firm advising individuals and businesses in the domain of Climate Change and developing CDM projects, transaction of carbon credits and investment opportunities in carbon related projects.' There are three small images showing solar panels, a wind turbine, and a person working. The 'Contact information' section lists the company's address in Princeton, NJ, USA, and contact details for Sunil Khanna. A 'Market focus' section lists 'Primary Market' and 'Secondary Market'. A 'Disclaimer' section at the bottom states that the website bears sole responsibility for the content. The footer contains the address: UNEP Risoe Centre • Risoe National Laboratory, Bldg. 142 • Frederiksborgvej 399 • P.O. Box 49 • DK 4000 Roskilde • Denmark.
